1. Additional funds in this Item are for the equipment portion of a previously funded capital project authorized in 2004 (Chapter 943, 2003 Acts of the Assembly). Supplemental funds are also provided in this Item. The total cost of this project with the supplement and equipment funds is $23,576,000.

2. The Director, Department of Planning and Budget, and the State Comptroller shall authorize and approve an interest free treasury loan in the amount of $11,000,000 to the Department of General Services for the ongoing renovation to the Washington Building to cover the increased costs of construction and administration caused by the alleged default of the previous Operator. This treasury loan must be repaid by December 31, 2008; however, if final judgment or settlement of the litigation arising from the alleged default has not occurred prior to this date, the repayment schedule will be modified and repayment shall occur by December 31 of the year final judgment or settlement of the litigation is completed. Any recoveries as a result of the litigation shall be used first to pay back the balance of the treasury loan at such time as any such recovery is received.

There is hereby created on the books of the State Comptroller, a special non-reverting fund known as the Washington Building Renovation and Litigation Fund. This fund shall account for the treasury loan and associated disbursements as well as the recoveries as a result of the litigation. Any dollars remaining in the fund at the end of the fiscal year shall remain in the fund and shall not revert to the general fund. The cash balances in this fund shall not earn interest.”

“§ 2.5. VIRGINIA SCHOOL FOR THE DEAF AND THE BLIND AT STAUNTON (218)
C-17.50. New Construction: Consolidation of the Schools for the Deaf, Blind, and Multi-disabled (17435) $2,500,000 $2,500,000
Fund Sources: General $2,500,000 $2,500,000 $2,058,000 $2,058,000

1. Notwithstanding other provisions of the Code of Virginia, the State Board of Education, assisted by the Department of General Services, shall enter into either 1) a conventional design contract and a construction manager at risk contract, or 2) an interim agreement under the Public-Private Education Facilities and Infrastructure Act of 2002 (§ 56-575.1 et seq., Code of Virginia) to plan and design the consolidation of the Virginia School for the Deaf and the Blind at Staunton and the
Virginia School for the Deaf, Blind and Multi-Disabled at Hampton into a single campus and transfer the students, programs and services to a single campus at Staunton. Funding in this Item is provided to plan for the necessary renovations, additions and new facility construction at the Staunton campus. The Department of General Services shall develop a plan for disposing of buildings and property no longer necessary for special education purposes. The Department of General Services shall work with the City of Staunton and the Department of Historic Resources when considering proposals that may transfer ownership to or establish long-term leases with private entities. The properties shall be conveyed with appropriate historic easements at fair market value with the proceeds reverting to the general fund to offset the cost of construction of the new facility.

2. The Department of Education shall assist with the coordination with appropriate local entities for the transition of services to a regional day program in the Hampton Roads area by no later than June 30, 2008. The Department of General Services, in conjunction with the Board of Education may, with the Governor’s approval, convey the current Hampton campus to an existing nonprofit or public entity in Hampton Roads to facilitate these services. In addition, the Department of Education shall provide appropriate technical assistance to regional special education programs and school divisions statewide. The Department of General Services shall develop a plan for disposing of buildings and property no longer necessary for special education purposes in the City of Hampton. The Department of General Services shall work with the City of Hampton and the Department of Historic Resources when considering proposals that may transfer ownership to or establish long-term leases with private entities. The properties shall be conveyed with appropriate historic easements at fair market value.

3. Out of this appropriation, $3,500,000 $2,058,000 the second year from the general fund is available to continue the process for achieving consolidation of the two schools at the Staunton campus. Such funds may be used for, but are not limited to, expenditures to continue planning for consolidation at the Staunton campus and expenditures to facilitate the future use of the Hampton campus.”

In addition to the processes and data standards used to support work performed for the Department of Transportation’s system modernization effort, the VEAP Office Director shall identify major Commonwealth financial and information collection processes and establish data standards for each process. On December 1, 2008 and every six months thereafter, the VEAP Office Director shall report and recommend to the Chief Information Officer and the Information Technology Investment Board, the processes reviewed and the data standards established, which merit adoption as part of Section 2.2-2458, Code of Virginia. The VEAP Office Director shall also develop, along with the Chief Information Officer, a migration strategy to implement the data standards and provide such strategy to the Governor and the Information Technology Investment Board for their review beginning December 1, 2008. As part of the migration strategy and its implementation, the VEAP Office Director shall identify agencies and institutions which have sufficiently modern accounting systems that can adopt and implement these data standards. All agencies and institutions shall cooperate with the VEAP Office Director in implementing the data standards at those agencies and institutions with sufficiently modern accounting systems and the VEAP Office Director shall report, every six months after submitting the Plan to the Governor and the Information Technology Investment Board, those agencies and institutions having adopted the data standards and any agencies or institutions that have not cooperated with the implementation. c. “a. The appropriation in this Item includes $57,600,430 the second year from the general fund for an equivalent payment for the following salary increase and related fringe benefit costs for funded SOQ instructional and support positions and other funded incentive program positions:
1) For the second year, the state share of a payment equivalent to a 2.5 percent salary increase effective December 1, 2009, for all funded positions.
2) It is the intent of the General Assembly that the average instructional position salaries be improved throughout the state by at least 2.5 percent the second year. Sufficient funds are
appropriated in this act to finance, on a statewide basis, the state share of a 2.5 percent salary increase for all funded positions effective December 1, 2009, to school divisions which certify to the Department of Education that equivalent increases have been granted in the second year.
b. These funds shall be matched by the local government, based on the composite index of local ability-to-pay.
c. This funding is not intended as a mandate to increase salaries.”

“C. Pursuant to federal regulation 20 C.F.R §416.2001 and §63.2-800 of the Code of Virginia, the Secretary of Health and Human Resources and the State Board of Social Services shall develop and implement no later than November 1, 2008 a program to allow for the portability of Auxiliary Grants (AG) to pay for housing of consumers who receive case management services from a community services board or behavioral health authority and who are found eligible for or are currently receiving auxiliary grants. The individualized program of services and housing supports shall be developed as described in Report Document 30 (2008) - “Auxiliary Grant Portability: A Report on the Feasibility of Restructuring Auxiliary Grants for Certain CSB Case Management Consumers.” Eligibility criteria shall include Assisted Living Facility (ALF) residents displaced from AG-funded beds that close and may also include those for whom the services and housing supports would lead to reductions in higher-cost institutional care, and (i) whose needs are not being met by their current living arrangement, or (ii) who are living in localities without ALFs, or (iii) who are ready for discharge from a state hospital and are without access to an ALF placement. Applications for consumers not currently receiving auxiliary grants shall identify reductions in higher-cost institutional care that offset the cost of the portable auxiliary grant. The Secretary shall provide a report on the progress and outcomes of the program, including such cost offsets, to the Governor, the Chairmen of the House Appropriations and Senate Finance Committees, and the Joint Commission on Health Care, by October 1, 2009.”

To effectuate this requirement, the Department of Forensic Science shall provide the Board with all necessary information concerning the 1973-1988 case files in which evidence has been located, including all names and identifying information for any convicted defendants and whether DNA testing has been conducted on the evidence. The Board shall send one of two form letters prepared by the Board; one to each person where DNA testing was conducted, and one to each person where DNA testing was not conducted, with copies of each such letter sent to the respective Chairmen of the Senate and House Committees on Courts of Justice. The letter to be sent in cases where DNA testing was conducted shall include the procedures for obtaining the Certificate of Analysis from the Department of Forensic Science. The Department of Corrections shall assist the Board by providing the current addresses of all such persons to whom letters shall be sent, and whether they are currently incarcerated, on probation, or on parole. In cases where the current address of the person cannot be ascertained, the Department of Corrections shall provide the Board with all identifying information concerning the person, including their social security numbers and their last known address. The loan proceeds will be used for planning costs as detailed below for the projects listed. Funds authorized by this item shall be used to obtain architectural, engineering, and other services required to provide the items listed below for consideration by the General Assembly when determining whether to fund construction of the projects:
1. Description of the scope and nature of the project.
2. Value engineering study that provides recommendations to improve project quality and reduce total project costs.

3. A life cycle analysis using the Commonwealth’s Facility Inventory and Condition Assessment System (FICAS).

4. For proposed renovations, a facility condition assessment of the existing structure to determine its condition and the appropriateness of its use by the agency or institution. This assessment shall set out appropriate options for renovation or replacement.

5. Final working drawings and a detailed cost estimate. The cost estimate should consider inflation and include expenses by fiscal year. The estimate should also include equipment to furnish the facility.

6. The proposed construction method such as design-bid-build, construction management at risk, or design-build, including an analysis on the respective advantages and disadvantages of the use of each method. The proposed construction method should be considered when developing the cost estimate.

B. For any project which does not secure permanent financing within 3 years from the issuance of the treasury loan, the Governor shall recommend an appropriation from the General Fund for repayment of the treasury loan in his budget recommendations.

C. The appropriations contained in this item for project planning shall be used as specified above and construction funding for the projects shall be considered by the General Assembly after reviewing the information listed above and determining that (1) the project cost is reasonable; (2) the project remains a highly-ranked capital priority for the Commonwealth; and (3) the project is fully justified from a space and programmatic perspective.
